**FOR IMMEDIATE RELEASE**

## Overnight Lane Closures on San Mateo-Hayward Bridge

**San Mateo/Alameda County** – Starting tonight, March 23, 2015, the California Department of Transportation (Caltrans) will close two westbound lanes on the San Mateo-Hayward Bridge between 7:00 pm and 5:00 am to begin grinding down portions of the bridge deck. The work is the first step in preparation for an upcoming resurfacing project scheduled to begin in May.

The closures will continue in various lanes, at various locations, for the next two weeks, through Mid-April.

The grinding will leave a half-inch separation at various points on the bridge deck. Drivers may notice a slight bump when they pass over the separation. Caltrans will provide regular updates to the public before the resurfacing project starts in May and continuing through the completion.

Drivers are reminded that traffic fines are doubled in maintenance and construction areas. Remember to “Slow For The Cone Zone.”
